GOVERNOR VISITS JAIL

Hon'ble Governor Shri P.B.Acharya visited the District Jail Kohima today and interacted with the prisoners and jail officials, including the Chief Judicial Magistrate and Government Advocate. Governor observed that there are 92 under-trials and only three convicts. Some of them are under-trials for more than two years. Accordingly, Governor directed that the CJM and Government Advocate and government advocates to think of expediting their trial and dispose off the cases without delay. He also insisted that nobody should be in prison as Under-trial for more than six months and also briefed the Jailor to organise some welfare programmes and interaction with the society for the prisoners. Governor said that our aim should be bring these people in the mainstream and we should not push them to become hardcore criminals by delaying justice.

GOVERNOR SHRI P.B. ACHARYA CONCERNS ABOUT THE LAW & ORDER

Recent killing of one businessman at Signal colony and attack on one businessman at Dimapur by the miscreants, Governor expressed his concern and gave instruction to the Government that should take strict steps immediately to give full protection to all the citizens so that business, trade and commerce can run smoothly. This type of violence and extortion will harm the prosperity and development of the State. If you want development and prosperity, law and order and security is pre-essential. The Government should take all care and the security agency should be alert in the matter. Government of India has taken a strong and welcome step to solve the political problem, which was pending for more than 18 years, we should not disturb the situation from marching towards the road of peace. Extortion and atmosphere of fear is not conducive for the progress of the State. Therefore, Governor appeals to all businessmen to restrain and be peaceful and assured that Government will take strong action against the culprits.
